

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

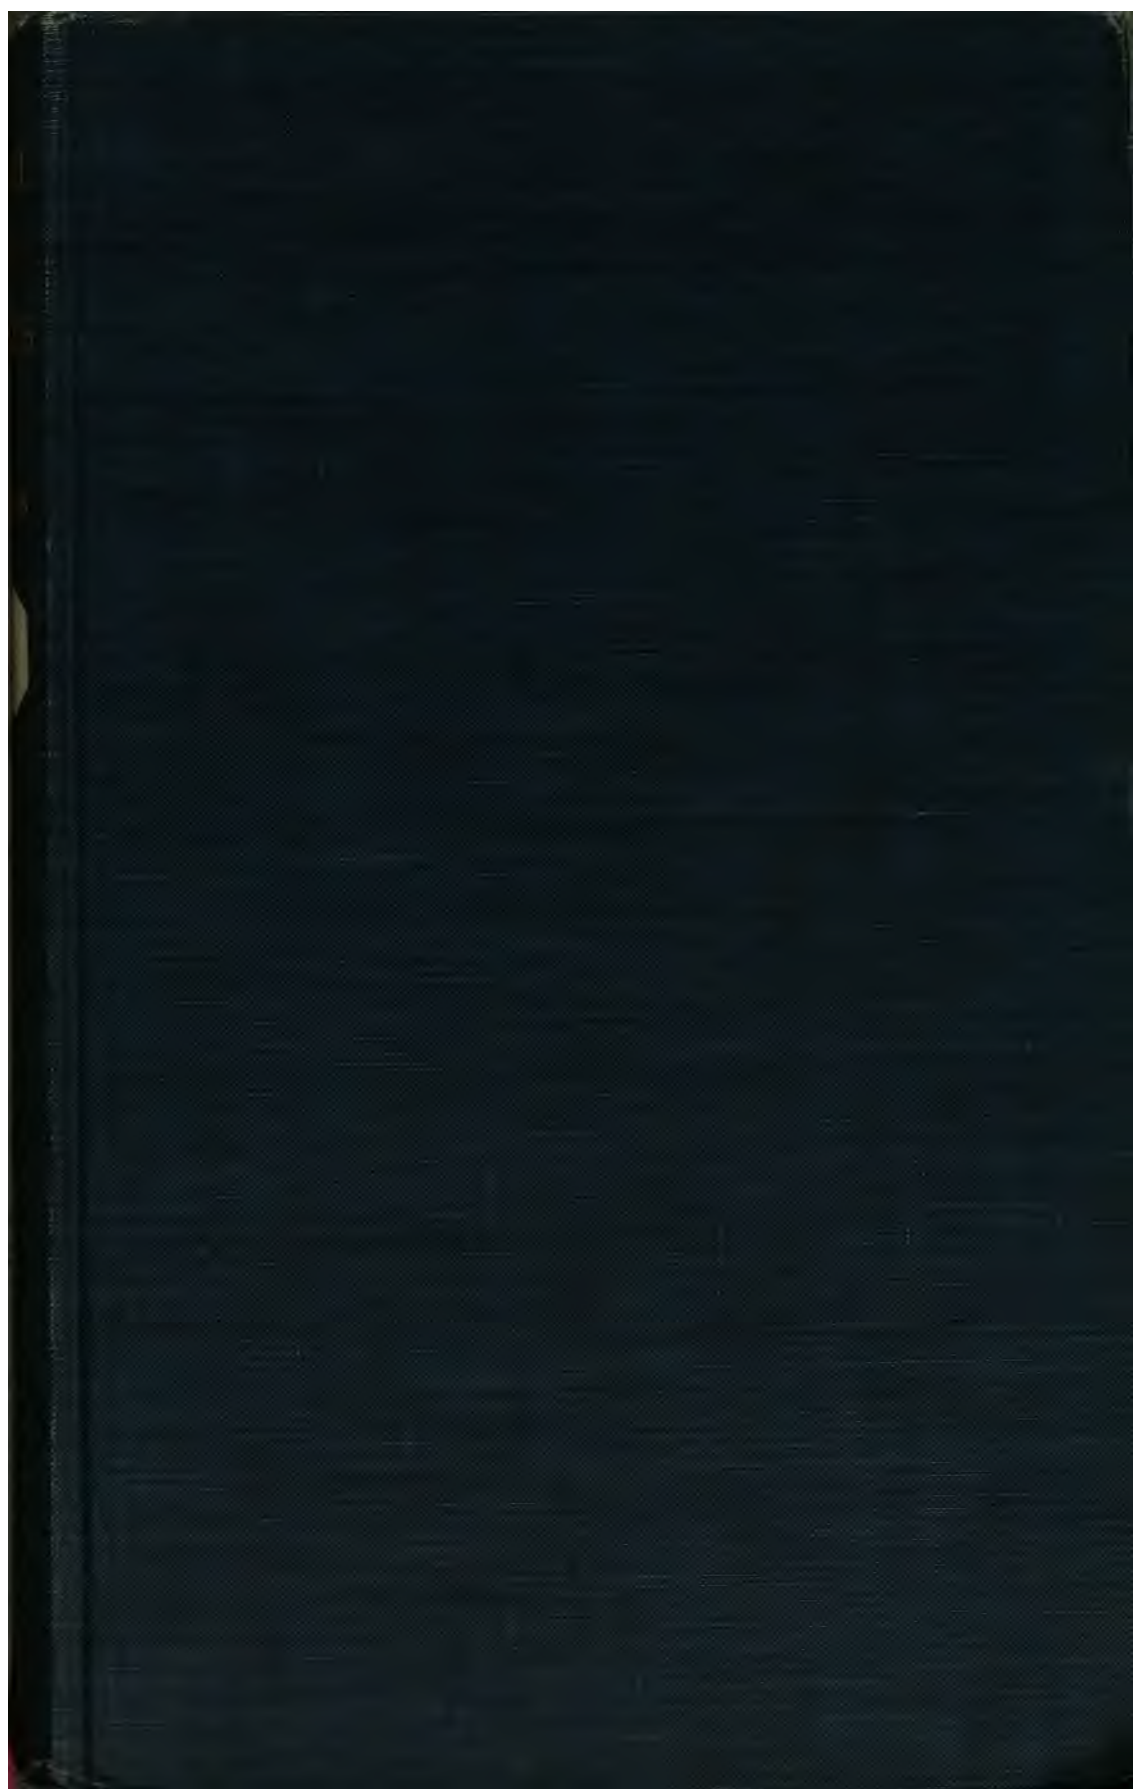

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

PREFACE.

In presenting this, the tenth volume of the Cornwall Marriage Registers to the subscribers, the Editors desire to point out that no less than sixty-five registers have been printed in the series, amounting to nearly one-third of the total number of parishes in Cornwall. They desire to tender their acknowledgments to the clergy who have permitted the entries to be printed and to Mr. Shadwell, who, with ready courtesy, has allowed them to be collated with the transcripts. Three of the five parishes which are included in this volume—St. Ewe, Lanlivery and Menheniot—afford useful material for the genealogist; St. Stephen's is rendered valuable by the inclusion of entries not to be found in the registers, while St. Winnow, apart from its own intrinsic value, is a useful supplement to Lostwithiel, which appeared in the eighth volume.

It is with no little satisfaction that the Editors welcome Canon Hammond amongst the list of contributors. The prefatory note which he has furnished and the extreme care with which he has extracted the Menheniot Marriages, are such as might be expected from a distinguished scholar.

Hitherto it has been found expedient to present the subscribers with marriages from a series of eastern and western parishes alternately. In the next volume, to meet the wishes of some who are specially interested in the work, this rule will be relaxed so as to admit of the insertion of the Bodmin Marriages, which have been in hand for some years.

For the convenience of those subscribers who have joined, at different times, since the series was commenced, the

following list of the parishes which have been dealt with is here given:—

Cornwall Parish Registers.

Marriages at St. Ewe,

1560 to 1812.

NOTE—The earliest Register at St. Ewe is a well preserved volume, bound in good morocco, with parchment leaves, giving the Marriages from 1560 to 1687, Baptisms from 1560 to 1653, Births from 1653 to 1660, Baptisms from 1660 to 1686 and Burials from 1559 to 1686.

The second volume, well bound in leather, with parchment leaves continues the record of Baptisms from 1687 to 1759, Marriages from 1687 to 1778 and Burials from 1687 to 1773. From 1754 to 1812 the Marriages are entered on Hardwicke's forms, there being thus duplicate Marriage entries from 1754 to 1778. To the kindness of the Rev. Canon J. K. Rashleigh, M.A., Rector of St. Ewe, the Rev. T. Taylor is indebted for assistance in transcribing the Marriages, and also for permission to print them.

Marriages at St. Stephen's in Brannel,

1681 to 1812.

NOTE.—The whole of the Marriages hereunder given, with the exception of the Bodmin Transcripts, are taken from a large volume, "which was bought in 1750." Into this volume the earlier entries have been copied from the original registers which are in a very dilapidated condition. Mrs. Glencross has extracted the Marriages, and they are printed by leave of the Rev. E. S. Shuttleworth, M.A., Vicar of St. Stephen's.

1622 to 1812.

NOTE—The first volume of the Register of Baptisms Marriages and Burials at St. Winnow dates from 1622 and consists of 53 leaves of vellum. Volume II is in very good preservation and contains Marriages from 1724 to 1754, Baptisms and Burials from 1724 to 1812. Volume III. records the Marriages up to 1812.

The following entries have been copied by Mrs. Glencross, and are printed by the kind permission of the Rev. Canon R. H. Boles, Vicar of St. Winnow.

Marriages at Lanlivery,

1600 to 1812.

NOTE—The oldest volume of the Lanlivery Registers is in a very decayed state. It contains Baptisms, Marriages and Burials from 1600 to 1681. At the end of the parchment portion of the book some long and very narrow paper leaves have been inserted for the years 1653 and 1654; square parchment leaves follow and then more of the narrow leaves for the years 1664 to 1681.

Volume II. is copy of Volume I. from 1644 to 1681. There is a note on the fly leaf which states, "This book was transcribed from the old register by the care of William Collyer, Vicar, who died in 1680." It contains Baptisms and Burials to 1812, and Marriages to 1754. An interesting note occurs in 1697 which will be found in the text.

Volume III. contains marriages only from 1754 to 1812.

Mrs. Glencross has extracted the entries, which are printed by permission of the Rev. F. Kendall, B.A., Vicar of Lanlivery.

Marriages at Menheniot,

1554 to 1812.

NOTE.—The Marriages are found in six volumes. The oldest, marked No. 1 in the strong box, is a tall narrow book, 16½ in. by 6½ in., of vellum, the quality of which varies a good deal in different parts, bound in a limp wrapper of coarse parchment. On the inside of the wrapper and on the fly-leaves, both at the beginning and end of the book, are a number of notes, some regular entries, and some apparently scrawled in by people who have had the book in their possession at different times. Most of them, however, are difficult to decipher, partly because the ink has faded, partly because the material at the end of the book has suffered from damp.

The volume contains:—

The Baptisms from Oct., 1554 to April, 1639.
The Marriages „ Nov., 1554 to Feb., 1639.
The Burials „ Oct., 1554 to Mar., 1639.

There is a curious absence of registration of any kind from the middle of 1556 to the beginning of 1559. In all the three series the handwriting is regular, and the entries are continuous with no sign of omission, evidently being copied from some other record or from memoranda. Now we know that Robert Yendall, who was parish priest during Queen Mary's reign, fled the country on the accession of Elizabeth (November, 1588); what more likely than that he either took away with him or destroyed the missing memoranda? There is also a large gap between the years 1566 and 1577.

The same hand, regular and continuous, evidently transcribed all the entries from the commencement down to September, 1598, from which point they would seem to be made as the events occurred for the most part, and often by different hands, though portions occur where a year's entries, or even more, were transcribed at once. The volume is on the whole in good preservation, except the last few pages, which are damaged by damp, and it is fairly legible except the last three or four years of one of the scribes, whose hand in old age lost its cunning and produced little better than scrawls to be guessed at.

Register No. 2 is a handsomer volume, also of vellum, bound in brown leather and polished; its dimensions 13 ins. by 7¼ ins. It contains:—

Baptisms from May, 1639, to Dec., 1778.
Marriages „ June, 1639, to Feb., 1754.
Burials „ April, 1639, to Dec., 1778.

There is a memorandum at the end of the book that Walter Samuel was chosen Register (*sic*) on Oct., 17, 1652, to enter all such births, marriages and deaths as should occur. But baptisms and burials seem to have gone on much the same as before, and the handwriting from 1646 to 1670 seems the same.

The book is quite legible throughout, and in good condition, except that some single entries of baptisms between 1660 and 1665 have been cut out.

Register No. 3 (for Marriages only) is a folio book of vellum bound in boards, and containing within the same covers the Register of Banns. The Marriages included are from May, 1754, to May, 1772. It is in good condition, but the details are not always carefully entered. The form of Registration is conformable to the Act of Parliament passed in 26 Geo. II., "for the better preventing of Clandestine Marriages."

Register No. 4 is a thin folio volume of stout paper, with limp parchment cover, and contains the Marriages from 28th May, 1772, to 8th November, 1798. In this book the form of registration for each Marriage contains two blank lines for registration of the Banns; these, however, are inserted in very few cases.

Register No. 5 is a folio book of vellum, with rough calf binding and brass clasps. It contains the Marriages from 28th May, 1772, to 15th November, 1812. The first part of it down to 8th November, 1798, inclusive, is a transcript from the last described Register. A memorandum, however, at the beginning dated 7th September, 1830, and signed by Rev. H. A. Hughes, curate, states that "the transcription on comparison with the original is found to be very incorrect and defective." From this point onwards this book is the original and presumably correct Register.

Register No. 9 is a folio book of stout paper, bound in vellum, and contains the Marriages from 22nd March, 1813, to 27th May, 1838.

The volumes described as Nos. 4, 5, and 9 are in excellent condition.

The Marriages hereunder given have been extracted and are printed by the kind permission of the Rev. C. E. Hammond, M.A., late Fellow of Exeter College, Oxford, Vicar of Menheniot, and Honorary Canon of Truro.
